ELLINGTON HIGH SCHOOL
ELLINGTON, CONNECTICUT

"Four years—it doesn't seem that long. It seems as if we were freshmen yesterday.

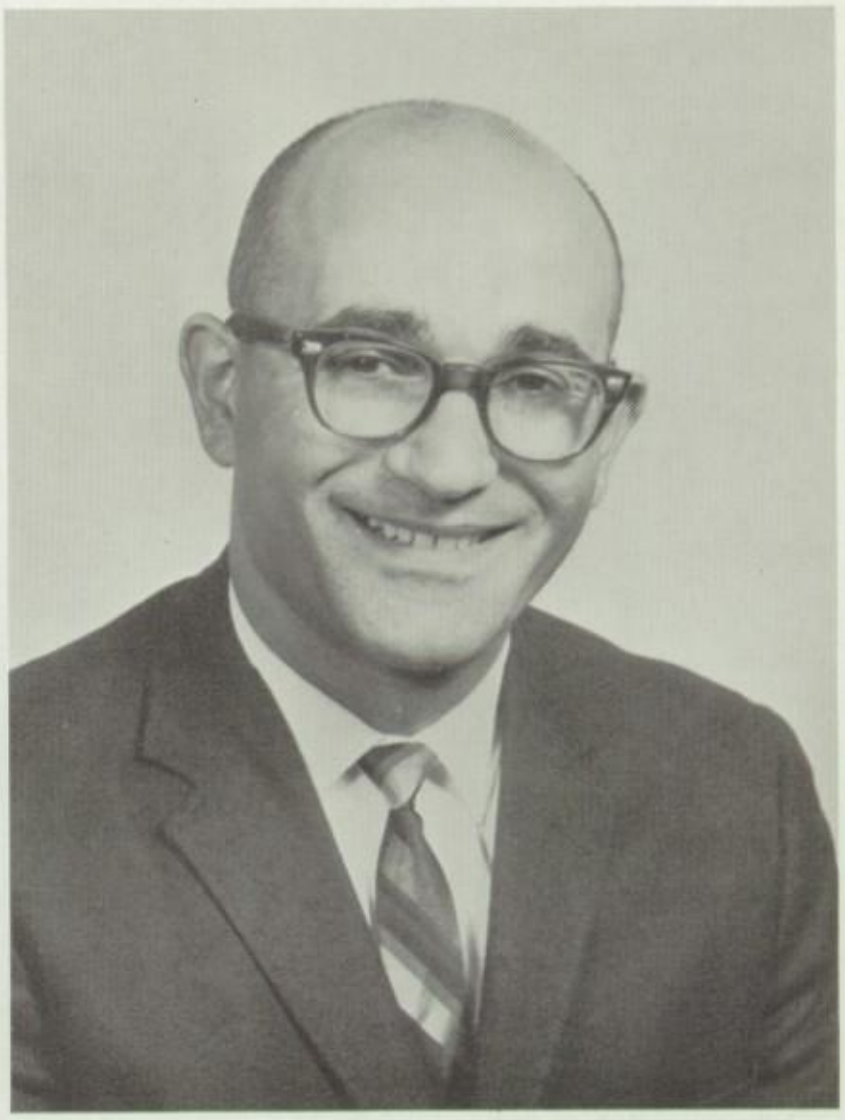
First days were always hectic, but after a few weeks things calmed down and life got into a routine. After that the clubs started organizing and things began happening. It was hard to decide what to join. As a result, in the freshman year many of us just sat by and watched; but by the junior year we tried joining everything. That was twice as foolish.

Not all that happened during our formative years was good. Homework wasn't too bad; but the tests! Remember the time you were out during exam week? Making up all those tests was "murder." Can you forget those "fun" gym classes when we had to run around the cold, wet field or get all banged up playing soccer?

These past few years we had some good teams at Ellington. Baseball and soccer games were exciting, but basketball was the best of all. Why, last year we even beat our old rival. The students showed a lot of school spirit at these games. This same spirit was a big part of all the plays, dances, and other activities that went on in the school.

This past year really flew by. There was "so much to do and so little time to do it." From the very first week of school it was go, go, go, always something happening. Do you remember our last year at Ellington High School ???

Dedication



MR. FRANK FERRERI

Our music director is a man of patient diligence even in the face of what might seem to be utter catastrophe. He commands the respect of not just the senior class, but the student body as a whole. This is the result of his willingness to help when asked. His generally cheerful nature, his ability to laugh at himself, invites the confidence of many. The senior class regretfully leaves this man to the underclassmen, knowing full well that he will give as much to them as he gave to us.

Maureen,
Thanks for everything. Best wishes for future success and happiness. May your fondest dreams be fulfilled.

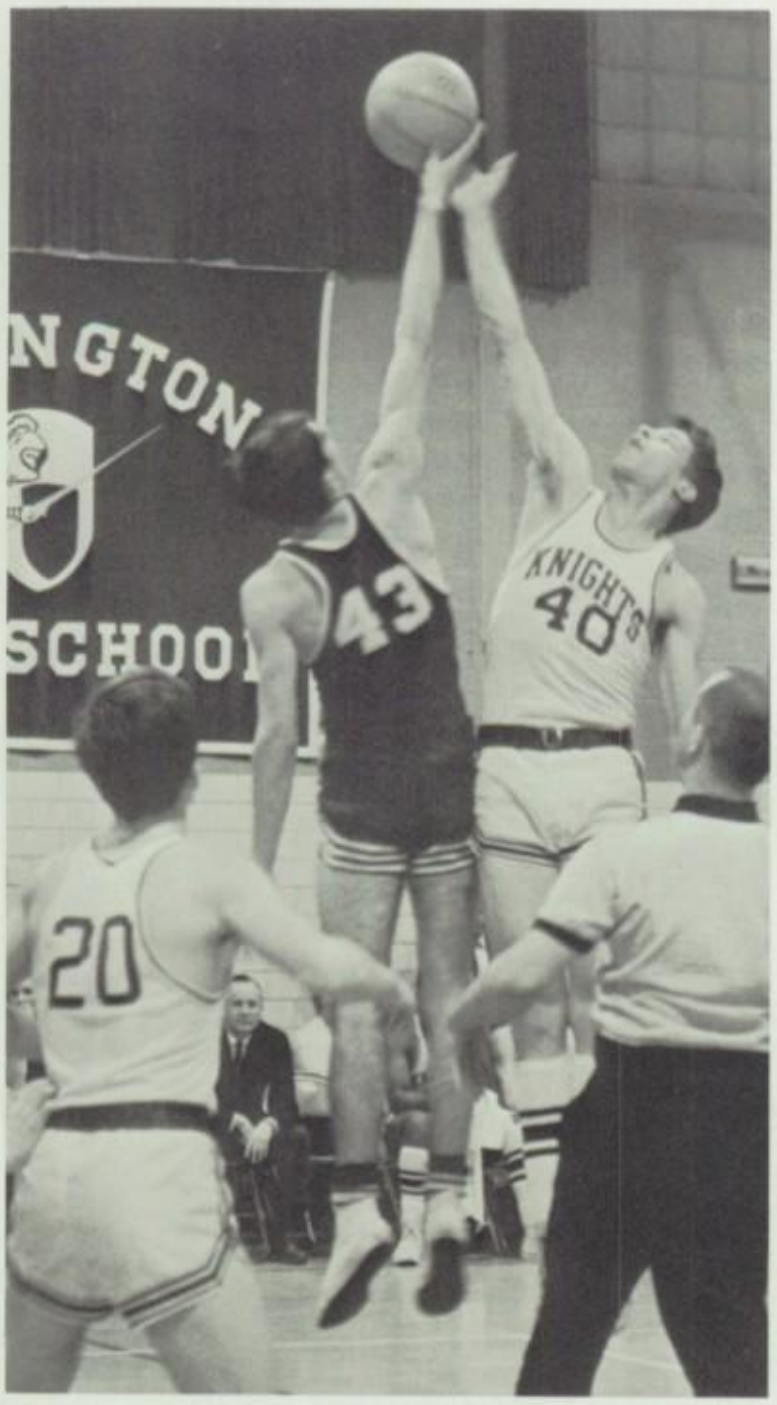
"Here they come"

"Four feet off the floor"

In Appreciation . . .

We wish to pay special tribute to our coach, Mr. Healy, for showing us what self-discipline, fairness, honesty, courage, persistence, team spirit and school spirit really mean.



It was Friday evening January 6 and a capacity crowd packed the Rockville High gym to watch another clash between two arch rivals, the Ellington Knights and the Rockville Rams. The early part of the season had been a nightmare for Ellington as the team had lost three of its first five ball games. Spirit was low after the last loss and a victory that night over Rockville was a necessity if the faltering Knights were to have the kind of season that they expected. A victory they won, by the score of 77–45, and upon looking back that game was the turning point of the season. It was the turning point because that night the boys played together as a unit and from then on individual statistics were of secondary importance as they should be. In the next fifteen games the Knights played with one thought in mind—a team victory—and they successfully reached that goal in thirteen of those fifteen games. As a result Ellington posted its best regular season record ever, fifteen victories and only five defeats. We salute the eleven boys on the team.
